

COMMITMENTS

I ask of YOU

- Stage your home for sale. As an Accredited Home Staging Professional (ASP®), I will help you stage your house so that it sells for the most money possible and in the shortest amount of time possible.
- Give your REALTOR® the appropriate listing time commitment, based on current market conditions, so he or she can get the job done for you.
- Price your home in a range that is appropriate for today's market.
- Read and follow the Staged Home Showing Instructions.
- Set the stage every day! Lights, music, action!

*This is a team effort.
Together, we are a Winning Team!*
